Jake Nugent from Endurance and Pete McKeown from Carter Jonas presented to the meeting.

The Land south of Old House Road, Balsham being promoted and they wanted the opportunity to talk to the PC as the local plan is moving forward and they have been exploring the bus service matter.

The PC said that SCDC have assessed all the sites and no new allocations have been proposed and growth is proposed across the edge of Cambridge.

The latest SCDC housing documents show that Balsham needed 21 houses, rent and shared ownership. The 23 units would deliver 9 affordable dwellings.

The PC explained that Debbie Paton has spoken to both Mayor's about the lack of a bus service and the response was that it isn't economical viable.

Improving the local bus service needs to be thought of before more houses are built.

Rerouting the No 13 has been looked into. Congestion charges may cause an issue.

Greater Cambridge Local plan won't be adopted for 3/4 years and then a new local plan would be started.

Balsham should remain a group village and Cheffins are not aiming to challenge that.

How do you make villages sustainable? The site would be required to provide first homes and include Rural travel hubs to provide electric car spaces and electric bikes.

All details are on www.Oldhouseroadbalsham.co.uk.

No further parking has been added to the plan and 2 spaces per dwelling and some space for visitor parking which is within the parking standards.

Planning policy wouldn't support a planning application if it was submitted now.

The PC thanked Jake Nugent and Pete McKeown for attending the meeting.
